Our Process

Our Turn-Key headache-free process has been established for your convenience. Where we look after every step along the way, from start to finish. Once you've chosen your desired Granny Flat/Cabin that meets your requirements, we will initiate our streamlined process upon receiving a 10% deposit (This amount is fully refundable if a Building Permit is not obtained).

Step 1 – Start of the Process of Obtaining Building Permit

Step 2 – Building contract

Step 3 – Building warranty and insurance

Step 4 – Delivery of all materials on site and commencement of construction, further 40% deposit to be paid

Step 5 – Connect all plumbing and services including electrical

Step 6 – Completion of construction, further 40% deposit to be paid

Step 7 – Obtaining certificate of occupancy, final 10% payment

All our panels are **Group 1 Bushfire Rated (BAL 40)**.

All our structure is constructed from **3mm construction steel**

Certified and Engineered to meet up to **N4 Classification (Wind speed up to 219Km/h.)**
